Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straiten the distorted limbs of chronic sufferers, nor even turn growth back to death again. That is impossible. But I can now supply the pains and jumps of this terrible disease.

In Germany with a Chemist in the City of Darmstadt I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made perfect, despite the opposition. I think the ingredients I discovered, I especially treated many, nervous Rheumatism, but not at all, I think, upon an ample view of the literature of rheumatic diseases. These and 54 general symptoms of rheumatism, blood vessel troubles I have now found the action of this remedy as it is administered when added to pure water, often, still divided, these symptoms were cured from the system and the cause was no longer to give further. There is now no Rheumatism, even in the most severe cases, which, "Well, and in incombustible recommended."

NATION AROUSED

The Need of Exhaustive Investigation
Into Immigration Problem
Is Recognized.

COMMISSION NOW IN SESSION

A Special Congressional Inquiry Upon This Important Subject Has Been Begun at Washington—Months Will Be Devoted to Investigation.

Washington, April 22.—An exhaustive investigation into all phases of the problem of immigration as it affects the United States has been begun by a national commission created for the purpose. The commission met in the room of the senate committee on Philippines today to perfect its organization and to discuss plans for and consider the scope of its work.

The commission consists of nine members, appointed under the immigration act passed by congress last winter. Three of them, Senators Dillingham of Vermont, chairman of the immigration committee, Lodge of Massachusetts and Latham of South Carolina, were named by Vice President Fairbanks; three, Representatives Howell New Jersey, chairman of the house committee on immigration and naturalization; Bennett of New York and Burnett of Alabama, by Speaker Cannon; and three, Prof. Charles F. Nell, commissioner of labor; Prof. J. W. Jenks of Cornell, and William R. Wheeler of Oakland, Calif., by President Roosevelt.

The law places no limit on the time the commission shall consume in making its inquiries or on the expense it may incur. The provisions of the law under which the commission will operate are broad, and it is expected by the members to deal comprehensively and, if possible, conclusively with the subject.

While some work will be done by the commission in this country by way of beginning its inquiries, the general idea is to extend its labors in the near future to Europe. The most important ports of embarkation of emigrants will be visited. A tentative itinerary of the body includes New York, Britain, France, Germany, Russia, Austria-Hungary, Spain and Italy, and it is not unlikely that it may extend its investigation to Greece, Turkey, Sweden and Denmark.

It is expected that the trip will occupy three or four months. For it is the intention of the commission to go more extensively than the last one, which it has even been some time before, and to obtain, so far as may be possible, all facts at first hand.

The work of the commission will be only fairly begun when it returns to America. Every possible source of information bearing on the subject will be sought. Reports from all parts of the world to the bureau of immigration will be placed at the disposal of the commission and experts on immigration may be employed by the commission to collect data. It is the purpose of the commission to inquire into the restrictions placed upon Chinese and Japanese immigration, but it is not probable that the commission will visit either China or Japan. The commission will report its findings to congress.

Spanish Suspense.

Madrid, April 25.—Public suspense has reached its highest point, and every unusual note is mistaken by the excited populace for the booming of a royal salute announcing the birth of an heir to the throne. Crowds follow the carriage of every minister seen in the vicinity of the palace, supposing that he has been summoned to see the newly born child.

Let me send you, for Castor, just to prove merit, a Trial Size Box of Dr. Shoop's Castor. It is a snow white cream, healing antiseptic Balm. Containing such healing ingredients as Oil Eucalyptus, Thymol, Menthol, etc., it gives instant and lasting relief to Catarrh of the nose and throat. FOR A QUIET MAY DAY

The Industrial World Never in a More Peaceful Mood.

Chicago, April 24.—For the first time in years May 1 will be ushered in without any serious disturbances in the industrial world. This peaceful condition applies not only to Chicago but to all the large cities throughout the country, according to James A. Emery, secretary of the Citizens' Industrial association.

"There is hardly a cloud on the industrial horizon anywhere," said Mr. Emery. "Wages are higher than at any time in the history of the country, and in most of the cities the relation between the employer and employee are harmonious. Through reports from our different associations I am kept in touch with industrial affairs in every part of the country, and I have never seen the outlook so promising. In nearly every instance where working conditions have been renewed wage increases have been granted, so that May 1 this year will not only bring fewer strikes, but also higher wages than ever before."

My Best Friend.

Alexander Bent, who lives on Rural Route 1, Fort Edward, N. Y., says: "Dr. King's New Discovery is my best earthly friend. It cured me of asthma six years ago. The first bottle ended the terrible cough, and this accomplished, the other symptoms left one by one, until she was perfectly well. Dr. King's New Discovery's power over coughs and colds is simply marvelous. No other remedy has ever equalled it. Fully guaranteed by Severs Drug Co. 50c and \$1.00. Trial bottle free."

New York, April 25.—It is said that the amount of bonds stolen from the Trust Company of America by W. O. Douglas, the assistant loan clerk, who is under arrest, was in excess of \$400,000. All of those bonds are now in the possession of the trust company or have been located.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes. The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism are caused by the action of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unequal heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest test in wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle by mail. Send three stamps to Dr. Kilmer & Co., P.O. Box 538, Binghamton, N. Y. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Don't make any mistake! remember that name Swamp-Root. Dr. Kilmer's Swamp Root, and the address, Binghamton, N. Y. is on every bottle.

HE MEANS BUSINESS

Kansas Attorney General Will Enforce Prohibition Laws.

Topeka, Kan. April 24.—Attorney General Jackson, by securing an injunction against nine foreign brewing companies to prevent their owning property and operating saloons and in obtaining an order for the appointment of receivers for the brewers' property, has taken the most effective measure ever invoked to enforce the prohibitory law in Kansas. His attempt to push his crusade to an active conclusion and in an interview said:

"When the receiver is named he will proceed to locate and take under his control all property of the defendants found in the state and will thus be able to state every place where the defendants are in any way carrying on business in Kansas. Any attempt to conceal the sale of liquors will place the defendants and all the participating agents any place in the state in contempt of the supreme court."

Let me mail you free, to prove merit, samples of my Dr. Shoep's Restorative, and my book on either Dyspepsia, the Heart, or The Kidneys. Address me, Dr. Shoep, Racine Wis. Troubles of the stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys as well, have their controlling inside nerves. Dr. Shoep's Restorative, and you inevitably have weak vital organs. Here is where Dr. Shoep's Restorative has made its fame. No other remedy ever claims to treat the "inside nerves". Also for bloating, biliousness, bad breath or complexion, use Dr. Shoep's Restorative. Write for my free book now. Dr. Shoep's Restorative sold by Severs Drug Co.

Ashland, Ky. April 26.—Jasper Maxwell and his bride were drowned in the Big Sandy river while fording the stream on horseback. They were married three days ago and were on their way for a honeymoon visit with relatives in Hojod county.

DeWitt's Carbolic Witch Hazel Salve does not merely heal on the surface, it penetrates the pores and promptly reaches pain, caused by boils, burns, scalds, cuts and skin diseases. It is especially good for piles. Beware of imitations. Sold by All Druggists.

SERMONETTES.

The following advice to parents on
how to treat their boys is taken from
the "Wait-a-Minute" column of the
Louisville Herald:

Every now and then a friend contrib-
utes. Here is a little advice. It's free.
You don't have to take it. You needn't
read it unless you want to. But DO. It
will do you good and perhaps help the
boy.

There are many kind of boys as
there are many kinds of fathers.

Each has his back, also a heart.
Were the heart touched more and the
back less it would not be so much
that a father.

SPELLING REFORM'S PROGRESS.

PROFESSOR BRANDER MATTHEWS.

Chairman Brander Matthews of the
Simplified Spelling board, at its first
annual meeting at New York, submit-
ted a report in which he stated that
at least 100,000 persons were using
the form of spelling urged by the or-
ganization.

Early Marriage Results.

Divorces are, happily, rare in society
circles. Separation by mutual consent,
however, grows more frequent every
year. Every one has upon his or her
visiting list husbands and wives who
never meet if they can help it, but be-
tween whom there has never been an
open breach. Incompatibility of tem-
per is the usual cause, and the result
for that is, one lunatic, the still com-
mon custom of encouraging the young
or generation to marry before they have
begun to spend thirty years of dis-
crepancy between them.

French Ignorance of the Bible.

As to the utter ignorance of the or-
dinary Frenchman of the Bible, Mr.
Stead gave a curious illustration in
his own experience. At the general
election of 1902 he published a po-
litical pamphlet entitled "The Can-
didates of Cain," dedicated to all can-
didates who approved of the Boer war.
A French publisher asked to be al-
lowed to bring the pamphlet out in a
French translation in Paris. "But," he
said, "you must give me another title.
Nobody in France knows who Cain is."
On Mr. Stead replying that he had
some literary friends in Paris they de-
clared the publisher was right. "Are
none of the Biblical characters known
to this generation of Frenchmen?" Mr.
Stead asked. "Not one," was the as-
tonishing reply. "Nobody reads the
Bible in France,"—Westminster Ga-
zette.

The Stormy Gulf.

The gulf of Mexico is a water of
storms, not frequent, but frantically
violent. It is, in effect, an immense
scallop cut out from the land and hur-
ricanes seem to gravitate to it naturally.
They are born in the neighborhood of
the Sargasso sea, strike the West In-
dies and not infrequently leave those
islands at a tangent, just as a ball
thrown at an oblique angle against a
wall slides along it for a little space
and again seeks vacancy. These re-
sults of the air strike the coast of
Mexico or the coast of Texas, ac-
cording to their angle, and death is in
their track. The things called "tidal
waves" in that section are not really
tidal waves. They are not caused by
an upheaval. They are merely local in
effect. They are not vast walls of
water moving with resistless speed
and voiding over the face of the ocean.
They are waters banked up against a
low coast by wind pressure until they
overflow. In many instances the sub-
mergence is gradual, and ample oppor-
tunity for escape is given. Other times
the violence of the air makes them
sudden, and people are drowned.—St.
Louis Globe-Democrat.

A Juvenile Superstition.

There is a stone in the high wall that
surrounds Girton college that has for
years been the object of a juvenile
tradition, says the Philadelphia Record.
It is situated on the Ridge avenue
front and is halfway between Nine-
teenth and Twentieth streets and five
feet from the pavement. The stone is
one of the regular stones of the wall,
but it has the peculiarity of being
perfectly round in shape and a peculiar
reddish brown in color. There is not
a boy who lives in that section who
does not regard it as the lucky stone
and call it such. According to the
boyish superstition, every lad who
passes it should spit on it and make a
wish, which will come true, and should
be ignore the stone in passing but
be sure to come. "Curious person, hear-
ing of the superstition, have passed
the vicinity and watched by after-
boy spit on the stone as he passed.

Wall Posted.

Some eighteen visited the Corcoran
Art gallery in Washington. They stood
for a time before Jean Leon Jerome's
bust painting depicting the death of
Julius Caesar. Caesar lies stricken at
the foot of Pompey's statue. "What's
the matter with that fellow?" said one
of them. "Why don't you read his
story?" was the reply. "The man is
Julius Caesar. He has just been shot
by Marc Antony."—Washington Post.

DIES AT SEA.

Leading Man of the "Mrs. Wiggs of the Cabbage Patch" Company And a Successful Actor.

Miss Jane and her mother, Mrs. Jane Bierbauer, received April 17, a wireless message sent from the Atlantic Transport liner Minneapolis, which sailed for London on Sunday, confirming the report of the death at sea of Percy Janis who disappeared from the ship on Sunday night. The message was from the members of the "Mrs. Wiggs of the Cabbage Patch" company of which he was the leading man, and read:

"Hold services for Percy to-day. Heartfelt sympathy to father, mother and sister."

The actor's family here had an impression that the first reports of his disappearance would be dispated later by a thorough search of the liner. They were proved by the message which made it certain that he had died in the sea.—New York Sun.

BABY WASTED TO MERE SKELETON

In Torments a Year and a Half with Terrible Sores on Face and Body — Hands Tied to Stop Scratching and Tearing at Flesh — But

CURE BY CUTICURA COMPLETE AND SPEEDY

"My little son, when about a year and a half old began to have sores come out on his face. I had a physician treat him, but the sores grew worse. Then they began to come on his arms, then on other parts of his body, and then one came on his chest, worse than the others. Then I called another physician. Still he grew worse. At the end of about a year and a half of suffering he grew so bad I had to tie his hands in cloth at night to keep him from scratching the sores and tearing the flesh. He got to be a mere skeleton, and was hardly able to walk. My aunt advised me to try Cuticura Soap and Ointment. So great was her faith in it that she gave me a small piece of Cuticura Soap to try and a little Cuticura Ointment. I took it home without any faith, but to please her I tried it, and it seemed to dry the sores a little. I went to the drug store and got a cake of Cuticura Soap and a box of Cuticura Ointment and followed the directions, and at the end of about two months he was well again. He has never had any more of any kind since. He is now strong and healthy, and I can sincerely say that only for your most wonderful remedies my precious child would have died from those terrible sores. I used only one cake of Soap and about three boxes of Ointment. Mrs. Robert Sheldon, R. F. D. No. 1, Woodville, Conn., April 22, 1905."

ITCHING PIMPLES

Cured by Cuticura in Nebraska.

"I had suffered with itching pimples for years. At last a friend told me to get Cuticura Soap and Ointment. I did so and in three weeks my face was entirely cured. I am so pleased with Cuticura, because that I will recommend them to other sufferers. Mrs. Florence Delavergne, R. F. D. No. 2, Auburn, Neb., Aug. 28, 1905."

Robbing Yourself

That is just what you are doing when you fail to get regular and sufficient sleep. Your body requires this unconscious period for repair work; without it your nerve energy becomes exhausted, and you are tired, worn-out, nervous, excitable, have headache, neuralgia, indigestion, poor appetite, or other ailments caused by a lack of nerve force. Make it your business to sleep. If you are restless, take Dr. Miles' Nervine; it soothes and strengthens the nerves, and brings sweet, refreshing, life-giving sleep, and gives the organs power to work naturally. Try it to-day.

"I had a severe spell of fever, which left me in a very weak condition and very nervous. I had severe spells of headache and neuralgia, and could sleep but very little. Every effort that I made made to recover my strength was of no avail until I began taking Dr. Miles' Restorative Nervine. After commencing to take the Nervine my sleep was profound and refreshing, and the pains in my head, as well as the neuralgia pains, left me to a certain extent and I grew gradually better."

BARRINGTON MUST PRAY

Highest Court Passes on Case of Missouri Murderer.

St. Louis, April 23.—When the information concerning the United States supreme court's decision, sustaining the verdict of guilty of the murder of James P. McAnn rendered by the trial court, was conveyed to "Lord" Frederick Bismarck Barrington, who is confined in the county jail at Clayton, Barrington was apparently greatly depressed, but endeavored to conceal his feelings.
"I suppose this is the last resort," he said. "An I see it, there is nothing left but the fixing of the date of execution by the Missouri supreme court. The United States supreme court passed only on a question of jurisdiction. It seems hard that a man's life should be taken on a mere technicality like that."

CONSTITUTIONAL

Kentucky Law Taxing Spirits Produced in That State Gets an O. K.

Frankfort, Ky., April 23.—The Kentucky court of appeals has sustained the constitutionality of the legislative act of the special assembly session of 1906 placing a tax of 1 1/4 cents per wine gallon on rectified, blended, compounded and adulterated spirits produced in the state. The court decided adversely every contention of counsel for the blended liquor interests. The violation of the fourteenth amendment to the constitution of the United States was urged before the court, and upon this question the case will doubtless go to the supreme court of the United States for review on writ of error. The opinion of the court, written by Justice Hobson, is explicit upon every point raised. It holds that the tax is one of license, rather than a property tax, and that the tax is upon the completed product and not upon the constituent parts. It was urged for the rectifiers that the tax under the provisions of the law was only upon spirits produced from native stamp spirits. The court says that it means rectified liquor in whatever way produced. A number of questions of violation of the constitution of the state, raised in the case, are disposed of adversely to those attacking the constitutionality of the act.

Both Fell Dead.

Owensboro, Ky., April 22.—William Gooch and Harry Springer, union miners, engaged in a pistol duel in the poolroom at Sturgis, near here, and both were shot to death. Gooch borrowed a dollar from Wm. Moore, a nonunion guard, and Springer remonstrated with him. Hot words followed and both men pulled revolvers and began firing. They fell to the floor and died instantly.

Lost Money, Kills Himself.

Pulten, Ky., April 23.—James Gilbert, a son of Wm. Gilbert, a wealthy tobacco man of Murray, Ky., committed suicide aboard a train en route from Memphis, by swallowing a half ounce of poison. It is stated he had considerable money in his possession, but when his body was searched only five dollars was found. No motive for the act is known other than the evident loss of his money.

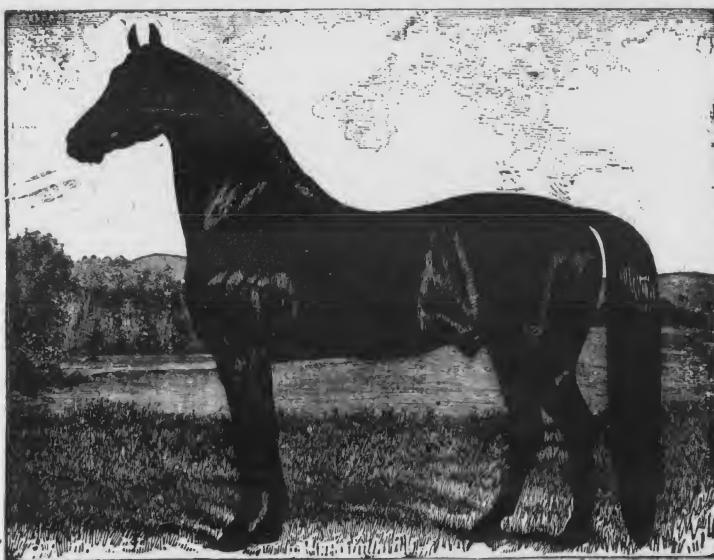

Will Repent in Penitentiary.
Louisville, Ky., April 20.—Frank Green of Indianapolis, who went

through a mock marriage with Mrs. Harvey Coons of Louisville, that he might get opportunity to rob her of \$600, has been sentenced to five years in the penitentiary for grand larceny. After being deserted, Mrs. Coons tracked Green to Indianapolis, where she found him living with his wife and children.

MONT ROSE.

MONT ROSE is a beautiful chestnut sorrel stallion, 15 3-4 hands high, full made, fine style and perfect action. Absolutely the purest gaited, biggest gaited and straightest gaited combined horse in this part of Kentucky. He is a most elegant and perfect breeder. His products are of fine size and great action, what it takes to make an all round horse, and for color, form and finish are hard to equal. After a careful study of our county and its needs we present to you in our opinion the best combined saddle and harness stallion that this country affords. We have watched with great interest the development of Mont Rose's colts for the past four years and they have, to our satisfaction, proven wonders. They are show horses, business horses and farm horses, so you will make no mistake to breed your mares to this horse.

MONT Rose was sired by Darling Denmark; he by Happy Cross. First dam, Fannie C., by Cromwell. Second dam by old Cabel's Lexington.

MONT Rose will make this season at the farm of R. G. Robertson, Glendean, Ky., for \$15 to insure a living colt. All possible care will be taken to prevent accidents or escapes, but not responsible should any occur.

At the Breckenridge Fair, at Hardinsburg, 1908, we will give a premium of \$25 to the best one of Mont Rose's colts; \$15 for the second and \$10 for the third, and will give \$100 for the first premium colt. All colts to be broken and shown by halter. We solicit your patronage.

PRESIDENT TOUCHES BUTTON AND FORMALLY OPENS THE JAMESTOWN EXPOSITION

Norfolk, Va. April 26.—In the presence of a distinguished and glittering assemblage, including the accredited representatives of all the great powers of the world, with the most imposing array of battleships of the nations ever gathered in Western waters in plain view, and with all the pomp and circumstance warranted by the occasion, the president of the United States at noon today pressed a gold button communicating the power which set in motion the varied activities of the Jamestown Exposition. And thus the celebration of the ter centennial of the landing of the Jamestown colonists was formally opened. Following President Roosevelt's eloquent and thoughtful review of the history created since the hardy pioneers broke ground, three hundred years ago, in the virgin wilderness on these now teaming shores, after Henry St. George Tucker, president of the exposition, had delivered his opening address and amid the booming of the guns of the nations from the battleships in Hampton Roads, the whirl of countless wheels in the industrial departments of the exposition proclaimed the beginning of this great summer's show. The president's important part in the opening of the exposition and the somewhat incidental thereto having been done, he arrived at Hampton

HAPPY WOMEN PRAISE PE-RU-NA

It Is Works, Not Words, That Has Made Pe-ru-na Famous Throughout the Land.

The miss and the matron alike praise Peruna. Girls and women have all discovered the value of Peruna. The Miss and Mrs. have been ill, each in her own peculiar way, and have found relief by taking Peruna. Fair girls and beautiful women, frail daughters and ailing mothers everywhere have taken Peruna and know its value in the relief of ailments peculiar to their sex. From the grandmother to the girl babe the gentler sex are under numerous obligations to Peruna. All this being true and the woman does not hesitate to tell it, her words win the confidence of other women, and thus the fame of Peruna spreads from household to household, until millions of homes acknowledge Peruna as their favorite and reliable family medicine.

Peruna is good for many minor ills. It can be relied upon to mitigate the many disagreeable effects of colds and irregularities so common among women. All the ailments of a catarrhal nature belong within the scope of Peruna's remedial action.

Miss Annie Hendren, Rocklyn, Wash., writes: "I feel better than I have for over four years. I have taken several bottles of Peruna and one bottle of Maltin. I can now do all of my work in the house, milk the cows, take care of the milk, and so forth. I think Peruna is the most wonderful medicine. I believe I would be in bed to-day if I had not written to you for advice. I had taken all kinds of medicine, but none did me any good. Peruna has made me a well and happy girl. I can never say too much for Peruna."

"I suffered with female troubles for thirteen years, and tried the best doctors in Louisville, Ky., without relief. I spent thousands of dollars at the Springs. The doctors desired that I have an operation performed to remove my ovaries, which I would not consent to. I saw an advertisement of your Peruna and bought one bottle, and before I had taken it all I could get out of bed and walk about. After taking three bottles I was as well and hearty as ever. I was so weak that I would have welcomed death as a relief. Peruna cured me of this trouble, no wonder I rejoice in it."

Mrs. Sophia Caldwell, 1122 McGavock street, Nashville, Tenn., writes: "After doctoring for a year and finding no relief from leucorrhoea resulting from a prolapsed uterus, and which was sapping my life forces away, I finally tried Peruna and when I found that it was helping me from pain, and I certainly feel that all praise and honor are due to Peruna."

Truth in Burns' Jest. Burns when only beginning to taste the pleasures of matrimony, proposed jokingly that his birthday would one day be reckoned among the remarkable events in his country's history. In a letter written to Gavin Hamilton in 1796 he says: "For my own affairs, I am in a fair way of becoming as eminent as Thomas a Kempis or John Bunyan, and you may expect henceforth to see my birthday inscribed among the wonderful events in the Poor Robin and Aberdeen almanacs along with the Black Monday and the battle of Bothwell Bridge."
